

## C6-4C

The C6-4C is a cylinder bank designed to hold six 9.5" high-pressure cylinders, allowing you to control the roll on your cylinders. Equipped with four casters, this cradle is highly maneuverable yet stable when loaded. Ships with a lifting eye and single forklift stirrup on the top and double-sided lower forklift access. Order manifold separately; just specify the CGA number when ordering.

Height: 85"

Width: 32"
